

Wheel shop Technician

Full time - Mon – Fri 08:00-16:00

Salary: £19,000 – £22,000

We are an EASA and FAA Part 145 approved Maintenance, Repair and Overhaul organisation based in Crawley, West Sussex. Specialising in the repair of Wheels, Safety Equipment and Electrical Equipment. We are currently looking for someone to join our Wheels shop.

Purpose of the job:

- Individuals will be responsible for disassembly, cleaning and reassembly of aircraft wheels in accordance with the relevant Component Maintenance Manual (CMM)
- Replacing of failed or damaged parts in accordance with the CMM.

Requirements.

- A background in engineering or aviation with previous experience in a wheels shop would be beneficial.
- Experience in reading and understanding CMM's and technical drawings.
- Hands on and proficient with basic tools.

Qualifications:

- Qualifications in Engineering or related field beneficial but not essential.
- Prior experience in wheels shop / engineering background.

Person Specification

- Reliable
- Hardworking
- Team Player
- Ability to work to tight deadlines
- Excellent communication skills
- Outstanding attention to detail
